Please Update Your Family File

Thank you to those families who have already reviewed and updated the Family File for their students. At 70% complete, we still have **400 students without verified and updated information.**

In an effort to be 100% complete, emails have been sent twice this week to the parent/guardian of each of our 400 students who still show as "unsubmitted". We will continue to reach out to these families through direct contact in the coming weeks.

If you are one of these parent/guardian, please log into [Canvas](#) to review and update information for your child(ren) this weekend! Thank you, in advance, for partnering with us to complete this very important task for the safety and well being of our students (your children).

Students who participated in the last year's administration of the **Biology HSA** received the Maryland School Assessment - May 2017 Biology HSA home report today. Please ask your student for this report.

Bits and Bridles Bulletin will be sent out every Friday.

Today's Topics will continue with a daily focus.
